About the Legend

Sardar Vallabhbhai Patel (1875 - 1950) was a leader of the Indian National Congress and a key figure in India's independence movement and post-independence integration :

Independence movement :

Patel was a leader in the fight for India's independence, organizing nonviolent civil disobedience against the British Raj. He was jailed multiple times for his patriotic efforts.

Integration of India :

After independence, Patel played a key role in integrating India, persuading rulers of princely states to join the union. He also helped frame the Constitution of India and establish administrative frameworks.

Home Minister and Deputy Prime Minister :

Patel served as India's first Home Minister and first Deputy Prime Minister after independence. He also took charge of the Information and Broadcasting Ministry.

Partition of India :

Patel was one of the first Congress leaders to accept that partition was a necessary solution to the separatist movement. He represented India in the Partition council, where he helped divide public assets.

Nickname :

Patel earned the nickname "Iron Man of India" for his ability to unite the nation through diplomacy and firmness.

Death :

Patel's health declined in 1950 and he died of a heart attack on December 15, 1950.
